December 2006

Dear NAAMO Members and Friends:

I am delighted to invite you to register for NAAMO 2007 in Park City, Utah. NAAMO '07 will be the first opportunity that Utah has taken to host what has always been a wonderful conference and we are looking forward to sharing our great state with you. Park City's alpine setting is the ideal choice for NAAMO 07, NAAMO Elevated.

Our staff will ensure you have an informative and enjoyable NAAMO and Utah experience. We have a great delegate agenda and tour planned, as well as, fun spouse and youth programs.

We hope you will come early and perhaps play a round of golf, visit the Conference Center and listen to a live broadcast of the Mormon Tabernacle Choir, do some genealogy work, find a mountain stream in which to fish, mountain bike or ride a horse through the mountains and tour the Grand Canyon or Zion National Park.

Even if you just come for the NAAMO program, you will have an enjoyable time just being in Utah. See you in July.

Sincerely,

Richard Sparks, Deputy Director
Marketing and Development Division
Utah Department of Agriculture and Food

LOCATION

Park City rests high in the scenic Rocky Mountains of Summit County, Utah and is an easy 45 minute commute from the Salt Lake City International Airport.

There are several shuttles available that will deliver you right to the front door of the resort. The attractions of Park City include The Canyons themselves.

The Canyons Resort is the largest single ski and snowboard resort in Utah and one of the largest in the United States. Our Sunday night reception is planned for the casual atmosphere of the Red Pine Lodge located at the top of the scenic Flight of The Canyons Gondola which will be operating only for NAAMO conference attendees. The average July temperatures are 79 high and 48 low.

LOCAL ATTRACTIONS

While The Canyons is a beautiful resort nestled at the base of one of the best ski slopes in the state it is located just four miles from the exciting night life of Park City's historic Main Street.

Other attractions include Olympic Park, site of the 2002 Olympic games, where you may be treated to a guided tour of the park, athlete training sessions, 70 mile-per-hour bobsled rides, zipline rides, Quicksilver alpine slide rides, Olympic museum, an interactive museum, freestyle aerial and ski jumping shows on summer weekends and a variety of camps for all ages.

You may want to venture to the Salt Lake Valley where you will be able to visit Temple Square in Salt Lake City. Temple Square is Utah's most popular tourist destination. Part of its appeal lies in its accessibility: three city blocks in downtown Salt Lake City contain nearly 20 attractions related to Mormon pioneer history and genealogy, including the Salt Lake Temple, the Tabernacle, and the Family History Library. This means that you can see all or most of these attractions in a relatively short period of time. Arrive early and on Sunday morning you may attend a live broadcast of the Mormon Tabernacle Choir or stay Thursday evening and attend a choir rehearsal. All activities at Temple Square are free to the public.

TENTATIVE CONFERENCE TOUR

Oh yeah, we will do some business while you are here too. Tentatively we will visit 100 year old Lehi Roller Mills <https://www.lehirollermill.com/comersus/estore/default.asp> and two agritourism businesses, Thanksgiving Point <http://www.thanksgivingpoint.com> and Young Living Farms <http://www.younglivingfarms.com>.

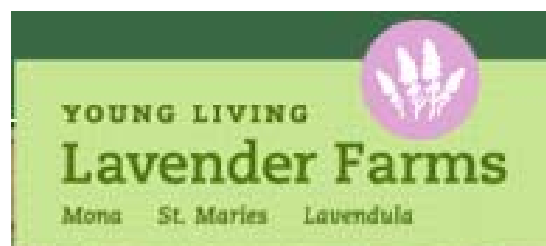

Lehi roller Mills celebrated their 100th anniversary during 2006 making it one of the oldest mills in continuous operation in the U. S. Their innovative marketing approach has helped them to remain a viable mill in a very competitive milling environment. Governor Jon Huntsman publicly recognized Sherm Robinson, the owner, and the mill staff for their accomplishments the past year.

Young Living Farms is the world's largest natural herb farm for the production of therapeutic-grade essential oils. The lavender fields will be in full bloom and ready for harvest and/or being harvested in time for our visit. The lavender crop is processed on the farm and the lavender crop is distilled into therapeutic-grade essential oils.

The visitor center houses the Smokehouse Grill and a family style lunch is planned under the shade trees on the farmstead. Their famous chef, Lee Banks, raises all of the vegetables for the Smokehouse Grill on the grounds of the farm.

Thanksgiving Point, Lehi, Utah
